

# UNVEILING OF THE NEW JAGUAR XF

## Jaguar Kearny Mesa

Article by Stick Holmes

Jaguar Kearny Mesa will begin receiving the new XFs for sale in early March of this year. They are expected to be priced at just a little under 50K, the Luxury Premium edition 53K and the supercharge edition around 63K. There is talk about production of a coupe but no dates have been set as of yet.

**F**rancois Chaker of Jaguar Kearny Mesa was kind enough to invite our entire Club to the dealership's official unveiling of the new Jaguar XF. The event was held in the evening, Wednesday, January 23. It was a grand event with ice sculpture, live music, and hors d'ouvres. At the dealership's request, our Club was happy to provide two of our member's Jaguars for display just outside the entry door.

The Club had a great turnout. I counted twenty familiar faces there and there were probably more than that. I haven't had the pleasure of meeting all of you. We were invited to open boots, bonnets and even crawl inside for an up-close and personal feel. We left with stars in our eyes. Who will be the first Club member to own a shiny new XF?

For those who couldn't make it to the unveiling, go to [www.jaguarusa.com](http://www.jaguarusa.com). There, you can view photos of the car and read up on available colors, options, and specifications. For you dreamers, you can even "build" your own XF, including engine, exterior and interior colors, and options.

The XF on display was the supercharged version producing 420 horsepower. The exterior was midnight black with a rich spice and charcoal colored interior. We all agreed that it was even more beautiful in person than the photos we had seen prior to its release.

**PHOTOS:** by Dan Jensen and Paul Novak. **1** Steve Hawley's MK II and Rex Ryan's E-Type at the entrance. **2** The ice sculpture. **3** The new XF. **4** Roger and Diane McDonald and Nedra and Grant Rummell mistook the event for a Rockettes audition. **5** Francine Kearney with stars in her eyes.....

Thank you Francois and Jaguar Kearny Mesa for inviting us to such an exciting evening!
